## Summary

Beta Microsoft Learn Student Ambassador passionate about leveraging technology to create impactful solutions. Skilled in Node.js, Express.js, PostgreSQL, and building robust REST APIs. Driven by a love for coding and continuous learning, I thrive in collaborative environments where I can contribute and grow alongside fellow tech enthusiasts. Always excited to tackle new challenges and bring innovative ideas to life!

## Experience

**Microsoft Learn Student Ambassador**
Microsoft
Oct 2022 - Present (1 year 10 months)
Learn Student Ambassadors are a global group of campus leaders who are eager to help fellow students, create robust tech communities and develop technical and career skills for the future.

**Work-study Programme - Backend Software Developer**
DeKUT Siemens
May 2024 - Jun 2024 (2 months)
● Developed an inventory system to track and manage equipment and supplies efficiently.
●Designed and implemented a management system to streamline administrative tasks and improve workflow.

**Content Intern**
Eneza Education
Jan 2024 - Mar 2024 (3 months)
I carried out the following tasks:
> Efficiently upload offline-created lessons onto the Mwalimoo Platform as per the set targets by Content Associate.
> Ensured that the uploaded content is aligned with the standards at Eneza.
> Reviewed and ensured the accuracy and clarity of responses provided by the responders and BOT.
> Offer constructive feedback and suggestions for improvement to ensure high-quality responses.
> Collaborated with the content associate to address any content-related issues or descrepancies on the Ask-a-Teacher Responses.
